Compact Countertop Ice-Maker

Space-Saving Ice-Maker fits under standard cabinets.

Standard Features

- Less than 18" tall and fits on any countertop and under any cabinet
- Makes up to 20 pounds of ice per day
- 11 pounds of ice storage in refrigeration compartment
- Ice-maker stops when compartment is full
- Refrigerated compartment keeps ice frozen and available so no drain is required
- Frost-Free operation
- Connects to existing filtered water system
- Ice bin slides out for ice retrieval and easy cleaning
- 1 year limited warranty

The new Vertex **PureWaterCooler™ PWC-801** Ice Maker is less than 18" tall and fits on any countertop and under any cabinet. It makes up to 20 pounds of ice per day and can store up to 11 lbs. at one time. The refrigerated compartment keeps ice cubes frozen and available anytime so no drain is required. The ice bin slides out to retrieve ice and for easy cleaning. Use the supplied scoop to retrieve your freshly made ice. The ice-maker automatically stops making ice when the bin is full. A hot-gas defrost system makes the unit frost-free and maintenance free. Use an existing filtered water source to make fresh tasting ice for all your beverages.
