UL listed Ice Maker

The new Vertex **PureWaterCooler™ PWC-850** Ice & Water Dispenser provides room-temperature water and ice in a single compact system. The built-in ice-maker makes up to 20 pounds of ice per day and can store up to 11 lbs. at one time. The dual evaporator refrigerated compartment keeps ice frozen and available anytime so no drain is required. It has easy-to-use touch-sensor dispensing buttons and a recessed faucet that are designed to withstand years of use and eliminate hand contact for better hygiene. The ice bin with built-in auger slides out easily for convenient cleaning. The stainless look doors with silver gray accents give a modern look and sleek design. Use an existing filtered water source to make fresh tasting ice for all your beverages.
